# Faculty Who Speak Volumes

Books, articles, degrees, and more: BC Law profs go where research takes them.  
BY JERI ZEDER

The academic pursuits of Boston College Law School's faculty have led them to every corner of the globe. They have also traveled down theoretical paths to the deepest questions of constitutional law, corporate governance, ethics, immigration, legal history, taxation, mergers and acquisitions, criminal justice, and much more. Here, we quantify some of the reasons why BC Law professors have earned renown as astute teachers and exacting scholars.
